ID 0 | 30 mm
black border outer size

Use TAG_SIZE = 30.0 mm

ID 0 | 20 mm
black border outer size

Use TAG_SIZE = 20.0 mm

ID 0 | 15 mm
black border outer size

Use TAG_SIZE = 15.0 mm

ID 0 | 8 mm
black border outer size

Use TAG_SIZE = 8.0 mm

Printing notes

1. Print in A4 at 100% / Actual size. Disable Fit to Page or scaling.
2. After printing, verify the 50 mm line with a ruler before use.
3. Cut out one tag and keep the paper flat. Mount on hard board for better pose estimation.
4. For OpenMV pose estimation, start with 20 mm or 30 mm tags. 8 mm tags are harder to detect.
